Specifications

Product model	CAM-X
Recording pixels	4K/30fps 1080P/30fps 720P/60fps
Wide - angle lens	115°/F1.8
Waterproof level	IPX6
Recording time	About 9h
WIFI signal	2.4GHz
WIFI device name	CAM-X_XXXX
Default password	1234567890
Recording format	MP4, 16: 9
Maximum memory	256GB
Lithium battery	2600mAh/3.8V/2C
Charging time	About 100 minutes
Charging voltage	DC 5V
Charging current	≤2.1A
Working voltage	≤4.2V
Working current	≤400mA
Temperature environment	-20°C to 60°C (-4°F to 140°F)
Applicable models	Motorcycle/Electric Vehicle/Bicycle

For precautions related to this product, please refer to the following instructions:

- Storage/usage temperature of the recorder: -20°C to 60°C (-4°F to 140°F)
- Do not use irritating chemical solvents for cleaning. It is recommended to wipe with a slightly damp paper towel or soft cloth
- Please pay attention to environmental hygiene, do not discard it at will, and do not throw the product into the fire to avoid explosion
- Do not disassemble the shell or repair it yourself. If this product fails, please contact the merchant's official customer service for relevant consultation.
- Please strictly abide by local laws and regulations to avoid infringing on the rights of third parties, including but not limited to publicity rights, intellectual property rights, data rights or other privacy rights. You may not use this product for weapons of mass destruction, biological and chemical weapons, nuclear explosions, or any unsafe use of nuclear energy or infringement of human rights.
